Sehr geehrte Frau Lopez

We note Operation Jonah Goldberg has commenced. His 'book' *Liberal Fascism* justifies our initial investment. We hereby commit to expanded Stage Two activities.

Operation Jonah Goldberg again demonstrates an eternal truth essential for you and your operations at The Corner. Substantive expertise in a subject matter is a handicap to our AgitProp activities. Remember this lesson!

We also renew our pledge for supplemental support for The Corner in the 2006 calendar year. We thank you and The Corner participants for serving as valuable test subjects for exploring our AgitProp techniques and propagation.

Our colleagues in Sektion Metsada make one request, however. Jonah's activities captured in surveillance footage above dilute the brand investment. Wal-Mart demographics are seen as downmarket. Can you ask him to switch to Target, please?

mit freundlichem Gruß
